**Resolution Demanding a Review of the Chair of the Economics Department**

**WHEREAS**, Associated Students, Incorporated (ASI) of California State University, East Bay (CSUEB) is the recognized voice of approximately 14,000 students; and

**WHEREAS**, it is the mission of the ASI Board of Directors to advocate and provide responsible and effective leadership for a diverse student population in order to make sound decisions for the betterment of CSUEB students; and

was subject to a successful grievance or appeal process, why Professor De Varo was allowed to continue in his position as Economics Chair?

If the nature of the research conducted by Professor Christainsen and his use of the “race realism” material in unrelated economics classes was known to the College Dean or Economics Chair, why is/was Professor Christainsen permitted to continue to teach and to take part in departmental and college retention, tenure and promotion committees and in faculty searches?

**RESOLVED**, the University will provide ASI with a complete report on the findings of its review and will also share this with the Academic Senate and, after conducting the review, the University will report back to the ASI and to the Academic Senate on the actions taken as a result of its findings; and

**RESOLVED**, the College of Business and Economics will intensively review its funding allocations, as asked by the Stupski Foundation, to revert funding away from sponsoring controversial journal publications; and instead allocate that funding towards supporting CBE students including, but not limited to, more student scholarships, financial support and funding for CBE student organizations/clubs; and

**RESOLVED**, ASI strongly encourages our University President to revoke Professor Gregory B. Christainsen’s Emeritus status on the grounds that he has inflicted harm to the University’s students, faculty, and staff, has brought our University’s reputation into dispute, and thus should not be allowed to associate himself with the University in any official capacity in the future; and
