

ANNUAL PROGRAM REPORT

SELF-STUDY (

3. The remodeling of materials lab SSC 247 has been completed and it is used as lab/active

Notable Trends:

Summarize and discuss any notable trends occurring in your program over the past 3-5 years based on program statistics (1-2 paragraphs). You may include 1-2 pages of supplemental information as appendices to this report (e.g., graphs and tables).

Reflections on Trends and Program Statistics:

Provide your reflections on the trends discussed above and statistics and supplemental information presented in this report.

Request for Resources (*suggested length of 1 page*)

Upkeep of the laboratory software and hardware, access to large computer lab/classes for some of the courses.

Request for Tenure-Track Hires:

We have not hired any faculty since 2004. The program has grown substantially since and the need for a tenure-track position is essential to program success.
